

**"I am looking for my brothers..."** I am inquiring after and ask the peace and well-being of my brothers.

With this Jewish learning approach and the Jewish soul I came to the world, into this exile, to play the Jewish melody and arouse the sparks of Israel laying within the hearts of my brothers from the two houses of Israel - who were lost from my Father's house for more than two thousand years - to redeem and arouse them to be revealed and reunited again.

Not everyone will recognize my tone of voice or this special "melody". I do not call upon everyone to join this sacred process of "Torah-Ohr," but to those who the melody of our fathers and the Torah of Israel touch their hearts, to those whom the Jewish spark shouts within.

Not every Jew is a Jew, and not every gentile is really a gentile. The difference between Israel and a gentile is the mission with which he was born, **"Before I created you in the womb, I selected you; before you were born, I consecrated you..."** (Jer 1:5a). If you are Israel - you were intended to serve as a faithful witness and illuminate God's light in the world. And you, if you have the spark of Israel and you live as a gentile, have an identity that is not yours. Therefore, you are captive to a foreign identity not belonging to you. **The power of learning the truth from the true root redeems prisoners.**

When God redeemed Israel from Egypt, He also sought to redeem them from the mental slavery and mentality of Egypt. The Egyptian, Greek, or Edomite-Roman spirit prevents the captive from seeing the truth. The captive has difficulty understanding the language of the holy Torah. Even when he reads and hears the language of the Torah, he actually hears something else, and distorts the Torah's words in his heart unintentionally and without noticing it.

Joining the true Hebrew root opens the eyes of the blind. The connection with the Hebrew root redeems captives. **If you will know your source and your Hebrew root, you will know the Messiah.**

I call upon you to take a deep look at these things, pray to know and discover your true soul-**and choose to take the most significant step in your life!**

With the help of God and the meager power of Torah-Ohr, we will do everything in our ability to assist the process of the return to Zion and the ingathering of the outcasts of Israel.
